

CERFA-KLEEN 5354

New Bio-stable Technology

DESCRIPTION

Cerfa-Kleen 5354 is a neutral range pH alkaline spray cleaner. It is a boron-free, "bio-stable," non-nitrited, spray cleaner with short-term in-plant rust inhibition. Cerfa-Kleen 5354 is formulated with ingredients that provide a greater resistance to microbial degradation of the fluid. The non-foaming formulation has no chelates, but is stabilized for use in moderately hard water. Cerfa-Kleen 5354 presents no barrier to subsequent coating or welding. Cerfa-Kleen 5354 works very well in barrel and vibratory cleaning, wet time saver belt grinders, and may be used in all stages of multi-stage washers.

APPLICATIONS

Cerfa-Kleen 5354 may be used to remove light soils, including soluble coolants, metal forming compounds and shop soils.

DATA (TYPICAL VALUES)

Appearance	Clear, pale yellow liquid
Lbs/gal @ 75F	8.5422
pH (2% Solution)	8.2 + -0.2
Effect on Metals	Safe on all metals
Free Caustic	None
Solubility	Freely soluble in water
Operating Temperature	70°-170°F
Use Concentration	3-5% by volume

Date | version
Code

FEATURES/ BENEFITS

- Outstanding cleaning capability for optimal soil removal.
- May be used at ambient temperatures to dramatically reduce energy costs.
- Bio-stable technology extends sump life and reduces need for costly sump-side biocide addition.
- Imparts corrosion inhibition to parts to protect them from rusting between operations thereby reducing scrap rates.
- Incorporate corrosion inhibitors that prevent flash rusting of your machinery.
- Works on a wide variety of alloys which reduces costs via consolidation of products and purchases.
- Formulated to resist biological activity which minimizes use of costly, sump-side biocide addition.

HEALTH AND SAFETY

Refer to MSDS for proper handling and disposal. Please note that the MSDS includes handling, health and disposal information which should be passed on to your employees, and to anyone else who comes in contact with our product. Additional advice can also be obtained from your local Houghton representative.

NOTE: Read and understand all precautions on container labels before using this product.
